HEALING WATERS FROM ANTIQUITY

SCIENCE THAT MATTERS

The Omorovicza journey began when the **healing properties of Hungary's thermal waters** were discovered. Because of the unique geological features of the region, waters absorb beneficial minerals more effectively and that unique mix of minerals and trace elements make them incredibly healing.

The results are nothing short of extraordinary: firmer, suppler & younger looking skin.

ZERO NASTIES POLICY: all products exclude ingredients such as parabens, glycols, mineral oils, silicone, phthalates, sodium lauryl sulphate, synthetic colours, synthetic fragrances or chemical sunscreen.

ROUCOU TANNING OIL SPF 6 LEGENDARY TANNING OIL WITH LOW PROTECTION

Contains coconut oil and selected plant oils along with precious roucou. The deep red seeds of the roucou shrub were used as a traditional form of sun protection by the Caribbean Indians due to the high proportion of provitamin A. This stimulates melanin production and the skin's own protection mechanism. The nutrients in this special formula pamper the skin and give the tan a gentle, copper-coloured shimmer.

ACTIVE INGREDIENTS: Calendula Officinalis Flowers Extract, Bixa Orellana Seed Extract, Zea Mays Germ (Corn) Oil, Solanum Lycopersicum Fruit Extract
